

## Page 3- Hey, I'm Andrew!

Hey there! My name is Andrew Langlois, and I am 7 and 3/4 years old. I am from Toronto and love being Canadian! In my free time, I love to play sports. My favourite is sledge hockey! I also live with a condition called hydrocephalus. That means that there is a little bit too much water on my brain, but don't worry! It still doesn't stop me from doing the many things that I love to do!

Hey! I'm about to go play some sledge hockey. Can you help me colour this picture? Then my friends and I will be ready to play!
